The only thing more impressive than Yellowstone National Park in the summertime is Yellowstone in winter—a time when the place seems magical! On this Yellowstone National Park winter tour, see Old Faithful without the crowds, marvel at the snowy landscapes, admire the bison as they shake off the snow, and be amazed by steaming geysers. Winter offers some of the best wildlife viewing because of the color contrasts between the animals and the snow, so have your cameras ready for animals such as bison, elk, moose, bighorn sheep, deer, and coyote.

GLOBUS®

Day 1 ARRIVE IN JACKSON

Welcome to the “Wild West” town of Jackson, Wyoming. At 6 pm, meet with your traveling companions for a welcome drink. Your Tour Director will prepare you for your upcoming adventure.

Day 2 JACKSON–GRAND TETON NATIONAL PARK–YELLOWSTONE NATIONAL PARK

Your day begins in the nearby National Elk Refuge with a fun and exhilarating included SLEIGH RIDE. As many as 10,000 elk congregate here each winter, the largest concentration of wintering elk in the world. Your sleigh will travel among these magnificent creatures for a truly up-close experience. Be sure to keep your camera ready as we watch for other wildlife that’s in residence this time of year, including wolves, coyotes, moose, bison, trumpeter swans, hawks, and even bald eagles. Departing Jackson, we travel through GRAND TETON NATIONAL PARK, where some of the majestic peaks soar beyond 13,000 feet. At Flagg Ranch, board a SNOWCOACH and begin your journey through YELLOWSTONE NATIONAL PARK, the world’s first national park. Along the way, marvel at the West Thumb Geyser Basin on the shores of Lake Yellowstone, the Continental Divide, and Shoshone Point Overlook before arriving at the Old Faithful Snow Lodge for a relaxing 2-night stay.

Day 3 YELLOWSTONE NATIONAL PARK

Wake up this morning to the fresh, crisp air of Yellowstone in the winter. After breakfast, enjoy a guided WALKING TOUR of the Upper Geyser Basin, the greatest geothermal basin on Earth. Here, you will view the most famous geyser in the park, Old Faithful, as well as other less predictable geysers, including Castle, Daisy, Riverside, and Grand Geysers. The remainder of the day is at leisure. Why not try a typical winter activity like snowshoeing or cross-country skiing? Later, relax with a warm drink by the crackling fire.

Day 4 YELLOWSTONE NATIONAL PARK–GARDINER

Travel north through the park today by SNOWCOACH, with stops to see the Lower Geyser Basin’s famous Fountain Paint Pot—named for the reds, yellows, and browns of the mud—as well as pretty Gibbon Falls. At the Grand Canyon of the Yellowstone, enjoy a box lunch in a warming hut before proceeding to Upper Falls and thundering Lower Falls, which are nearly twice the height of Niagara. Have your cameras ready, because winter is the perfect time to spot bison, elk, moose, bighorn sheep, deer, and coyote. Later, arrive at mesmerizing Mammoth Hot Springs, where heat, water, limestone, and rock fractures have created a unique terrace feature.

Day 5 GARDINER–YELLOWSTONE NATIONAL PARK–WEST YELLOWSTONE

This morning, join our excursion to LAMAR VALLEY, the magical “Serengeti of North America.” Situated in the northeast section of the park, this large U-shaped valley was carved by glaciers during the last ice age, and is the perfect place for spotting elk, bison, bighorn sheep, coyotes, wolves, and cougars. It is also home to the park’s largest concentration of grizzly bears! Next, we travel to Bozeman, Montana, before heading south to the town of West Yellowstone. With your free time this afternoon, consider visiting the Grizzly & Wolf Discovery Center to learn more about these intriguing predators as you encounter them up close.

Day 6 WEST YELLOWSTONE–JACKSON

After breakfast, board your motorcoach for a journey through Idaho. Get a different perspective of the Tetons as we travel along the western side of the range and enjoy breathtaking views of the highest peak on the range: Grand Teton itself, which rises to an elevation of 13,777 feet above sea level. Tonight, celebrate your adventure with a festive farewell dinner at a local restaurant.

Day 7 JACKSON

After a leisurely breakfast, bid farewell to newfound friends. The tour comes to an end with an included transfer to the airport.
